# TEACHER WORKSHOPS

## Total Physical Response with Literature (Storytelling);

All grade Levels; SFL, EFL, ESL, Dual Language, English, Spanish;

### Free Book Included

This workshop is a 90-minute to half day session for all grade levels. Using selected literature, the participants will engage in activities to support the TPRS method. This interactive workshop will enable the educator of second language students to learn how to select quality literature for instruction, use the literature in a meaningful way for language acquisition, instruct the method of TPRS (S) for interactive literacy fun, and take home a book for use in the classroom. \$1250/half day (max 50)

## Science and Storytelling for all grade levels;

Dual Language, ESL, English; Free Books Included

This is a 90 minute to half day session for elementary grade levels in the content area of science. Using the science books in the session, the participants will learn how to increase content vocabulary through interactive lessons; develop a working knowledge of key science terminology through music activities; and develop strategies for instructing science vocabulary in a fun way; participants will take home a classroom library with this session. \$1250/half day (max 50)

## How to teach a book for five days—literature workshop for all grade levels;

Dual Language; ESL; Free Book Included

This is a half day session on the use of literature in the classroom to improve oral language development, vocabulary acquisition, storytelling strategies, questioning strategies, and features a variety of ways to use any book in the classroom to gain a full week's literacy lessons. Participants will be provided a book in the session to take home. \$750/half day (max 25)

## Math and Games; Exciting Math activities for PK-1;

Response to Intervention; ESL

This half day session will use math strategies for the early learner. These research based math activities will use Total Physical Response with math concepts to improve the learning of struggling student or as use for Response to intervention for the math student. \$750/half day (max 50)

\*All workshops are conducted by Trina K. Henderson, Certified Bilingual Teacher; Master level Trainer; BBA; MBA.
